

HARD

TRUTH

Businesses with optimal supply chains have 15% lower supply chain costs, less than 50% of the inventory holdings, and cash-to-cash cycles at least three times faster than those not focused on supply chain optimization*.

*O'Byrne, Rob. "8 Reasons Why the Supply Chain Matters to Business Success." Logistics Bureau, www.logisticsbureau.com/7-reasons-why-the-supply-chain-matters-to-business-success.

Struggling with the truth? Visit Deposco.com for our simple solution.
